

REMARKS

Support for the copied claims should be apparent from the specification. For example, with respect to added claim 29:

Element	Supported in Specification
A building beam structure	o Figure 1
two sheet metal chords, each of the chords having a flat end wall	o chords (channels) are elements 100 in Figure 1; see also spec. page 6, lines 12-15 o flat end wall is top supporting side 110 in Figure 1; see also spec. page 6, lines 12-15
two opposed side walls extending from the end wall and having respective flat fastening surfaces to which materials may be connected	o opposed side walls are elements 120A & 120B in Figure 1; see also spec. page 6, lines 12-15
two angular support walls, each of the angular support walls extending from one of the side walls, and the angular support walls converging inwardly from the side walls	o angular support walls are left and right transition sides, elements 130A, and 130B in Figure 1; see also spec. page 6, lines 12-15
a sheet metal central web section disposed between the two chords	o sheet metal central web section is web 200 in Figure 1; see also spec. page 6, lines 15-18
a substantially flat main web wall extending straight between one of the angular support walls on each of the chords	o substantially flat main web wall is body 210 in Figure 1; see also spec. page 6, lines 15-18
a first web wall section extending from another of the angular support walls on one of the chords	o first web wall section is chord lips 240 in Figure 1; see also spec. page 6, lines 15-18
a second web wall section extending from another of the angular support walls on another of the chords	o substantially flat main web wall is chord lips 240 in Figure 1; see also spec. page 6, lines 15-18

Patent Application
Atty Docket No.: 344.07-US2

REQUEST FOR ALLOWANCE

Claims 29-56 are pending. Applicant requests a speedy allowance of all pending claims.

Respectfully submitted,
Fish & Associates, LLP

Dated: 16 OCT 2001
